# GREAT SOUND PERFORMANCE IS IN SELECTING THE RIGHT SIZE EARTIP

WE LOVE GREAT SOUND. MAKE SURE YOU HEAR IT.  
Because everyone's ears are different, be sure  
to try all sizes of eartips. Only with the right  
size eartips will you enjoy a snug fit & premium  
sound quality.

SILICON EAR TIPS

COMPLY™ PREMIUM  
SPORT FOAM EAR TIPS

# COMPLY™

Premium Comply™ Foam ear tips exclusively designed for Jaybird X2 deliver maximum noise isolation and comfort.

Slide Comply Foam tip onto X2 speaker housing.

Compress Comply Foam tip by rolling with fingers.

Pull ear back. Insert entire foam tip into ear.

Hold in place 15-30 sec for foam to expand and create a seal.

## COMPLY™ Premium Ear Tips

**Secure-Fit:** Expands to give you a custom fit and remarkable in-ear retention. Your earbuds remain secure whether you're in the gym, on the slopes, or on the go.

**Soft Comfort:** Unique memory foam provides all-day comfort, while eliminating in-ear irritation and fatigue.

**Noise Blocking:** Allows you to enjoy your music in noisy environments without raising the volume.

**Audio Experience:** Creates an optimal seal and channels sound directly into the ear canal, transforming your listening experience.

# BACK IT UP WITH SECURE FIT EAR FINNS.

The earbuds may slip out of your ear a little. You will lose bass when this happens so use the secure fit ear fins to hold them in place for best sound.

# SECURE-FIT

INSTALL YOUR PREFERRED SIZED  
SECURE FIT EAR FINS AS SHOWN.

Fitting / size selection guidance on  
next two pages.

SLIDE SECURE FIT EAR FINNS ALL THE WAY BACK AND COVER LED  
(don't worry, LED glows clearly through the ear fin)

LOCK THE TIP OF THE  
EAR FIN INTO THE TOP  
OF THE BOWL OF THE  
EAR AS SHOWN.

You should have a snug  
fit with contact on the  
lower, back and top  
portions of the bowl of  
the ear.

## **Over-ear** fit option

See [jaybirdsport.com/manuals](https://jaybirdsport.com/manuals) for tutorial video

# LEFT & RIGHT ORIENTATION

NOTE EARTIPS ANGLE INWARDS (FORWARDS) & UPWARDS,  
FOLLOWING THE DIRECTION OF YOUR EAR CANAL.

## WHEN WORN OVER-EAR:

Controller is on the **LEFT** side

# SECURE-FIT

TAKE YOUR PREFERRED SIZED SECURE FIT EAR FIN AND INSTALL IN REVERSE DIRECTION WITH POINTED END NEXT TO CORD.

**IMPORTANT:** Check your size preference in under-ear mode first as it can be difficult to tell in over-ear mode, and may be different to other Jaybird products.

# CORD MANAGEMENT CLIPS

OVER-EAR MODE REQUIRES LESS CORD, SO BEFORE FITTING, INSTALL THE CORD MANAGEMENT CLIPS TO SECURE THE SLACK FOR A CUSTOMIZED FIT.

MAKE AN "S" SHAPE WITH THE MIDDLE SECTION OF THE CORD.

INSERT CORD INTO 2 OF THE 3 SLOTS IN EACH CLIP  
AS SHOWN OMITTING THE FINAL ROUNDED SLOTS.

- Put the headphones on, using index finger to push the tip of the ear fin into place to secure earbuds (a mirror helps the first time).
- With earbuds secured, adjust position of cord managers (pulling too tight will of course dislodge earbuds, keep a little slack).

Take off headphones, insert cord into the final rounded slots, put headphones back on, now you are ready to go!

ENJOY
